Makhanlal Chaturvedi National University of Journalism and Communication, Bhopal — Satna, India 📍

Satna, India

Expected Graduation: 2027

🧠 SKILLS

Languages & Frameworks: — HTML5, CSS3, JavaScript

(ES6+), React.js, Express.js, Node.js, MongoDB, **Tools &**

Platforms: — Git, pnpm, Docker, REST APIs, VS Code,

Soft Skills: — Time Management, Problem Solving, Self-Motivation

📁 PROJECTS

Personal Dev Portfolio (React + Express) 📄

Tech Stack: React, Express.js, Vanilla CSS (migrating to Tailwind CSS)

- Developed a **full-stack personal portfolio** showcasing dynamic project data via a **custom REST API** and **JSON-based backend**
- Integrated the **GitHub API** to display live repositories automatically
- Designed a **responsive and mobile-friendly UI** with a clean, minimal layout
- Prepared for **production-ready deployment** with a lightweight Express backend

Personal Job Tracker (Actively Evolving) 📄

Tech Stack: React, Tailwind CSS, Express.js, MongoDB, Docker

- Built a **full-stack job management dashboard** to create, update, and organize job applications with CRUD operations.
- Integrated **authentication and a drag-and-drop Kanban board** for intuitive job status management.
- Implemented **robust backend APIs supporting advanced filtering, sorting, and pagination** via query parameters.
- Enabled **deep linking** by syncing frontend state (filters, sort, and pagination) with URL parameters for reproducible views.
- **Optimized performance and maintainability** by offloading data operations to the backend.
- Future enhancements include **Google Sign-In** and an **AI-powered Job Fit Score** feature to provide intelligent role matching.
